

Fourth Grade

Mr. Schultz

The students are now one eighth of their way through fourth grade. The year always goes so quickly. Several of you have asked about the work you are seeing from fourth grade. You should see papers coming home each week. I have asked the students not to throw daily assignments in the trash, but to take them home and let you see them. We talked about whether papers needed to be saved or not. We concluded that the decision was for the parents.

We have done quite well on our fun run letters to this point. We have almost all the students in t-shirts. Way to go!

Some Dates to consider:

9/28: Elections for student council

9/30: Unit exam in math (chap. 1& 2)

10/28: Symphony concert (**NOTE CHANGED DATE**)

10/29: Halloween party (please let us know if you can help organize this)

Religion: This week's topic is sin. We are learning about temptation, free will, action, and inaction. We will look at the story of the Samaritan and introduce sins of omission. We will complete a review at the end of the week for our weekly assessment piece.

Social Studies: This week will take us through the rest of our introduction to the five regions of the U.S. We have a rather lengthy vocabulary project that we are working through in class.

Math: Upon completing the lessons early this week, we will be ready for our unit exam. This will take place on Thursday. Testing is somewhat new to fourth grade so I will try to ease them into the process.
