

Life Science
Week 4
9/19-9/23

We are well into our chapter. This week we will be learning about cells and their functions. We will view celery, pericardial fluid and frog blood under the microscope. We will also be working on cell art in order to study our structures and functions of cells. Here is what I hope to accomplish this week:

Monday: Read/discuss pgs. 37-41
Begin cell art

Homework: Pg. 10 WS
Bring Markers and colored pencils!!

Tuesday: Correct pg. 10 WS
Cell Art Day
Microscope viewing
Homework: Pg. 11 WS

Wednesday: Correct pg. 11 WS
Read & discuss pgs. 41-42
Cell Art day/microscope
Homework: pg. 12 WS

Thursday: Correct pg. 12 WS
Last day for cell art/microscope
No homework

Friday: Current Science Quiz

Enjoy your weekend!! ☺
