

## Media Tech software downloads

This is the link to download Audacity. Be sure to choose the download version for your operating system.

<http://audacity.sourceforge.net/download/>

You will also need to download a lamemp3 encoder. Here is a link for that.

<http://lame1.buanzo.com.ar/>

Here is a link to freeplaymusic which you'll use for some of our projects.

<http://freeplaymusic.com/>
