

Physical Science
Week 2
September 5-9

Dear Parents,

We all had fun last week reviewing the Scientific Method with our “Never-ending Fountain”. Now it’s time to begin introductory chemistry. Please know that chemistry is something that is new to your child and they will be learning a lot!! Please tell your child that they can always come and get help if they are feeling frustrated. ☺

Monday: No School~Labor Day

Tuesday: Review the Scientific Method
Chemical versus Physical Demo
Homework: Section 1-1 Review

Wednesday: Correct Section 1-1 Review
Begin section 2
Prepare for Labs
Homework: New Vocabulary

Thursday: Lab Station Day
1) Density cubes
2) Graduated cylinders & volume
3) Marbles and milk cartons
4) Homework packet

Friday: Finish up labs & homework packets

Enjoy your weekend!!

New Vocabulary:

- a. Chemistry b. compound c. physical change**
d. chemical change e. element f. atom g. symbol
h. formula i. mixture
