

# Christmas Vacation Challenge

Dear Students and Families,

I would like to challenge you to keep your brain busy while you are away from school during the winter vacation! Here is a list of activities you could do at home while we are apart. Have your parent or family member sign-off on the activities as you complete them. Parents, please check off the activities your child completes and then sign the bottom of this form. If they are ALL completed I will have a special surprise for you! Have fun and enjoy your vacation! Please return right after Christmas Vacation.
